## Page-by-page verdicts

| Page                       | Expected | Detected         | Status         |
|----------------------------|----------|------------------|----------------|
| /en                        | English  | English          | Conforming     |
| /en/products               | English  | English          | Conforming     |
| /en/products/winter-jacket | English  | English          | Conforming     |
| /en/shipping               | English  | English          | Conforming     |
| /en/returns                | English  | French           | Non-conforming |
| /en/about                  | English  | English          | Conforming     |
| /en/blog/winter-guide      | English  | English          | Conforming     |
| /en/blog/size-guide        | English  | English + French | Uncertain      |
| /en/contact                | English  | English          | Conforming     |
| /en/terms                  | English  | French           | Non-conforming |

## What to fix first

Review /en/returns and /en/terms: their visible body copy remains French while the pages declare English. Inspect the mixed size guide manually before assigning a final translation ticket.

## How the score is calculated

$\text{Conforming pages} \div \text{evaluable pages} \times 100$ . Errors and pages without enough judgeable text are excluded from the denominator.
